

Generations Home Care Group

Our Creed

...To Care, and To Serve...

We acknowledge that within each of us lies the power and ability to assist those in our community in need of care.

We pledge to our community and to each other that we will fulfill the needs of care-giving to the best of our abilities.

We promise to perform our duties with joy and compassion, knowing that the Spirit in which we perform these duties will truly effect the outcome.

We commit to holding ourselves to the highest standards of excellence, both as professionals and as individuals.

We shall continually strive to improve ourselves and assist others who also wish to improve.

We are as Angels on Earth who wake each morning accepting all the good that Life has to offer and return this in kind to those who come before us.

We submit to God's greatness in healing and are honored to be an integral part of Life's precious continuum.

Mission Statement

Generations Home Care Group is dedicated to providing the highest quality comprehensive healthcare services to its clients. Each client will be provided exemplary care and will always be treated with respect, dignity and compassion. Through its dedicated team of nurse professionals, healthcare technicians and office staff, Generations will service its clients by promoting good health and independent functioning, and providing care and support for patients and their families. Generations subscribes to the philosophy that the fullest and most beneficial application of personal attendant and clinical care includes taking into consideration the client's environment, coordination with physicians and addressing concerns of family members.

Vision Statement

To provide the most caring, compassionate home care services to all Generations allowing each client to attain an optimal level of health and wellness.
