

# WELCOME

**Generations Home Care Group** (formerly Angel Healthcare) was formed in 1999. Since then many new agencies entered the home care services market using some form of the word "Angel" in their name. It became difficult to tell one agency from another just by the name. While most other Angels provide excellent care for their clients we have been told by others that, regrettably, some did not. It was determined to be strategically prudent to remove ourselves from the confusion.
